

EDUCATION

- **Indian Institute of Information Technology, Lucknow** Lucknow, India
Bachelor of Technology – Computer Science **GPA: 7.92** *Aug. 2024 – Present*
- **Coursework:** Object-Oriented Programming, Data Structures and Algorithms, Database Management Systems, Operating Systems.

PROJECTS

- **Road-Sense** 
CNNs, YOLOv8, OpenCV, Google Maps Platform, Flask, Firebase, MERN
 - Developed a web application using the **Google Maps API** for route planning and secure vehicle document storage with expiration tracking.
 - Engineered a real-time monitoring module with **OpenCV and YOLOv8** to detect driver fatigue and seatbelt usage, triggering audio alerts.
 - Built an analytics dashboard that evaluates driver distraction events to generate a post-trip **safety score**.
 - Optimized the video inference pipeline for low latency and load-tested the backend to support **1,000 concurrent users**.
- **Medi Share** 
Python, FastAPI, PostgreSQL, React, TypeScript, Tailwind CSS
 - Built a platform to process **100+ medicine donations** per cycle, enabling safe redistribution and cutting medical waste by **30%**.
 - Integrated OCR.space and Google Gemini for text extraction and medicine matching to achieve over **90% accuracy**.
 - Designed a role-based architecture for **4 user types** with automated approval workflows and map-based logistics routing.
 - Developed scalable REST APIs using **FastAPI and PostgreSQL** to manage secure inventory updates and ensure rapid retrieval of donation records.

ACHIEVEMENTS

- Attained **Specialist** title in **Codeforces**. (Max Rating: **1425**) 
- Attained **Knight** title in **LeetCode**. (Max Rating: **1945**) 
- Achieved **3-Star** on **CodeChef**. (Max Rating: **1618**) 
- Secured **1480th** rank globally in Codeforces Round 1108 (Div.2). 
- Secured **363rd** rank globally in Leetcode Weekly Contest 499. 
- Secured **1247th** rank globally in Leetcode Biweekly Contest 186. 
- Secured **154th** rank globally in Codechef Starters 237. 
- Secured **233rd** rank globally in Codechef Starters 236. 
- Attained the title of **SuperContributor** in **Hacktoberfest 2025** with 10+ PRs merged successfully
- Solved **900+** Data Structures and Algorithms problems across multiple competitive programming platforms.

SKILLS

- **Languages:** C++, Python, JavaScript, Java, Bash.
- **Machine Learning & AI:** LLMs, RAG, NLP, OpenCV, TensorFlow, Scikit-learn, LangChain, Hugging Face.
- **Frameworks & Backend:** Spring Boot, FastAPI, Flask, REST APIs, Node.js.
- **Frontend:** React.js, TypeScript, HTML5, CSS3, Tailwind CSS, Responsive Web Design
- **Databases & Cloud:** PostgreSQL, MongoDB, Firebase, Vector Databases.
- **Tools & Platforms:** Git/GitHub, Docker, Google Colab, VS Code, Streamlit, Linux.
- **Soft Skills:** Leadership, Problem Solving, Teamwork, Strategic Planning, Debugging and Troubleshooting.

POSITION OF RESPONSIBILITY

- **Member, Goonj The Dramatics Society, IIIT Lucknow** Aug 2025 – Present
 - Mentored **150+ students** in rehearsals and live performances for the official student-led dramatics society.
 - Co-organized cultural events, stage productions, and inter-college competitions to promote theatrical arts across the institute.
